

Disposable Defibrillation Pads

Product Advantages

1. Integrates the functions of defibrillation, pacing, monitoring, and cardioversion.
2. The pre-connected cable saves time and helps quickly start the right therapy , such as CPR or defibrillation.
3. The pads with color - coded operation indicators help to rapidly position and simplify the operation.
4. Low contact impedance to reduce skin burns.

Suggested Applications

Defibrillation, pacing, monitoring, and cardioversion
